

COME AND GONE

Obtained From Delegates
National Democratic Convention.

BRYAN ON THE SITUATION.

From Pittsburg and Beaver
County, Pa. Visit Major McKinley.
Palmer's Reception at Home.
Greeted Enthusiastically at
Hanna's Views of the Ticket.

INDIANAPOLIS, Sept. 5.—The city yesterday settled down to its normal condition. The great convention had come to an end. A few delegates and visitors remained in the city visiting friends. Senator Palmer and his wife returned to their home, as did also General Palmer. Senator Palmer said he had plans for the future, when asked if he would take an active part in the campaign. "I am in the hands of my friends, and don't know how the campaign will be conducted."

General Buckner said he should do his part in the fight for the ticket and platform.

Expressions were obtained from some of the more prominent delegates on the work of the convention as follows: Harry Belmont: With that ticket and platform we have every reason to look forward to the preservation and perpetuity of the Democratic party.

John J. Irish: We now have a new platform for Democracy. We go before a country with the old faith, to such new dispensation, but a firm belief in the sheet anchor of our country and her security.

John R. Fellows: The platform is the strongest, clearest, and most declaration of Democratic principles since the war.

Roswell P. Flower: The ticket could be stronger. The platform ignores governing policies.

Senator Caffery: We have now a fighting chance to defeat Bryan in Indiana. We now have a rallying point and we will make a campaign that will do us good in the end.

There is talk to the effect that a conference of gold Democrats of the fourth congressional district will be held and a candidate put in the field against Charles M. Cooper.

BRYAN IN CHICAGO.

Will Speak to the Workmen on Labor Day.

CHICAGO, Sept. 5.—William J. Bryan arrived in Chicago yesterday. A committee headed by Governor Stone of Missouri met the party at the depot and escorted them to the Auditorium annex.

His trip to Chicago from South Bend, Ind., was without incident. Mr. Bryan left his house from his speaking so often in the last 10 days and Mrs. Bryan is almost worn out with fatigue. The candidate speaks in Milwaukee today and returns to this city tomorrow and will address the workmen here Labor Day.

In an interview, speaking of the situation, he said:

"I am perfectly satisfied with the result of my trip East and my observation is not based simply on impressions formed from a return. To address people by the tens of thousands, as I have done since leaving Chicago, would naturally carry with it the impression that the audiences addressed were swayed by the utterances uttered. A speaker is apt to be carried away by such an idea. But when I say that I am satisfied with the result of my trip east, I do not mean that my observations of the speaker's stand have led me to suppose that the large audiences whom I have addressed were carried away with the principles advocated, or that their applause would appear to indicate. My estimate is based on entirely different sources."

"People whom I have met and who have mingled with audiences at Democratic gatherings have voluntarily come forward to assure me that the sentiment was everywhere around toward the Democratic platform. I have taken occasion after leaving the speakers' stand to talk with men whom I have observed in the audience as in the doubtful case, if I might so express myself, regarding the currency question. Such men have come to me afterward and have expressed themselves as more than half convinced that the tenets of the Chicago platform were after all the trust in the popular interest. Others have come to me, men who even disagree with our party principles, and have assured me that the change in sentiment toward the free coinage of silver was something they had never seen the like of. Added to this, the approbation which every public speaker cannot fail to discern in the eyes of a sympathetic audience has convinced me that a large proportion of the people whom I have addressed have been impelled to applaud, not out of sympathy with the speaker, but out of approbation of the truths spoken. If a speaker be qualified to judge of the effect of his speeches on audiences, then I think that, without egotism, I may say the people whom I have met and addressed are far more enthusiastic in favor of free silver than they were when the campaign began."

Senator Palmer Arrives Home.

SPRINGFIELD, Ill., Sept. 5.—Senator John W. Palmer, who was nominated for president by the gold standard Democratic convention at Indianapolis, arrived home yesterday. A committee met him at Elkhart, 20 miles east of here. On the arrival of the train at the station in this city, Senator Palmer found a crowd of about 500 people, who cheered as he alighted from the train. About 200 people, headed by a military band, escorted him to his home, which had been handsomely decorated by his friends. Ex-Senator Hiram P.

Shumway introduced Senator Palmer to the crowd of 500 that had assembled, who heartily cheered him. Senator Palmer addressed them.

Denies He Intends to Withdraw.

BATH, Me., Sept. 5.—Arthur Sewall, Democratic candidate for vice president, says over his own signature: "Any statements or inferences that I propose to withdraw from the Democratic national ticket are without foundation. I never had and have not now the remotest intention of doing so."

McKINLEY'S BIG DAY.

Delegation From Pittsburg and Beaver County, Pennsylvania.

CANTON, O., Sept. 5.—The delegation of visitors coming to Canton to call upon Governor McKinley from Pittsburg and Beaver county today, exceeded in point of numbers anything yet witnessed. The Beaver county contingent arrived at the Port Wayne station this morning. Seventeen hundred tickets were sold. Senator M. S. Quay headed the delegation. The Pittsburg people arrived this afternoon. There were seven trains of 12 coaches each. Over 5,000 tickets were sold from there. The visitors returned home in the evening.

Watterson on the Ticket.

NEW YORK, Sept. 5.—Henry Watterson was asked by a Herald correspondent at Geneva his opinion of the National Democratic ticket. He replied: "A better ticket than Palmer and Buckner could not have been made. Among the surviving heroes of the war they stand pre-eminent. One was a gallant soldier of the Union, the other was an equally gallant soldier of the Confederacy. They join hands to fight the new sectionalism that menaces the integrity of the nation. Thus they represent not merely honest money, but complete reconciliation between the north and south. Each has shown himself to be trustworthy and capable in civil affairs, one as governor of Illinois and senator, the other as governor of Kentucky. They merit enthusiastic support from patriotic voters everywhere."

How Hanna Views the Ticket.

CLEVELAND, Sept. 5.—Marcus A. Hanna, when asked what he thought of the gold Democrats' ticket, replied: "I think the action of the convention will be of assistance to us. Senator Palmer is a strong, reliable man, and has a heavy following among the Democrats of Illinois. His nomination, following that of a gold standard Democrat for governor in that state, will weaken the forces of the other Democrats in Illinois very materially. The nomination of Mr. Buckner will also do us good. He is strong in Kentucky and throughout the south, and will help us very much."

Objected to Hang With Negroes.

PARIS, Tex., Sept. 5.—Yesterday George L. Wheeler, white, was hanged for the murder of Robert McCabe in the Chickasaw nation, June 13, 1895. He lay in wait for his victim and shot him in the presence of his 5-year-old son. Immediately after the removal of Wheeler's body the trap was again adjusted and Stas Lee and Hickman Freeland, the two negroes who murdered Ed T. Canady, Jeff Maddox, Paul Applegate and an unknown man on a shantytown on Road river on Nov. 14, 1895, were placed upon the gallows. All three of their necks were broken. The negroes were hanged separately at Wheeler's request, as he did not want to be hanged with them.

Chang Entertained.

WASHINGTON, Sept. 5.—Li Hung Chang was entertained at dinner by ex-Secretary of State John W. Foster, the guests including three members of the cabinet, the commanding general of the army and several other notables in official life. The dinner was given at the Arlington. The decorations were of the most elaborate character, the long table showing great clusters of American beauty roses, yellow asters, Chinese asters and goldenrod ferns, combining the characteristic colors of the two countries. The Marine band was stationed in one of the parlors and played Chinese as well as American airs while the dinner proceeded.

A Little Faded Flour.

MILWAUKEE, Sept. 5.—The big millers' trust, known as the Spring Wheat Millers' combine of the northwest, has closed up shop and is out of business. It went out of existence as noiselessly as it came into the world. The combine, which was formed solely for the purpose of regulating the prices of flour, failed of accomplishing its object because of the perfidy of the large millers, who cut prices indiscriminately whenever they felt like it.

MAKERS OF "QUEER."

Desperate Gang of Counterfeiters
Captured at Iona, Mich.

BEEN OPERATING OVER A YEAR.

Dr. Corts Chased From Cincinnati to the Canebreaks of Arkansas and Finally Captured In St. Louis—His Pals Overhauled With a Full Outfit For Carrying on Their Nefarious Business.

IONA, Mich., Sept. 5.—United States officers have captured a gang of counterfeiters who have been operating in different parts of the country for over a year. They are Frank and George Kingston and a man named McNaion, pals of the notorious Dr. Corts, captured in St. Louis a week ago. The officers got \$7,200 in bad money and plates, presses and paper.

They operated for a while near Cincinnati and just as the officers were about to come down on them they got a tip and left, Corts going into the canebreaks of Arkansas, and from there he took his outfit to St. Louis and was captured. In the meantime the Kingstons and McNaion came here to operate their nefarious business. But they have been landed, and the government officials are breathing easier.

EXCITING WHALE CHASE.

Harpooners Dragged About Puget Sound In an Open Skiff.

TACOMA, Sept. 5.—A 75-foot whale has just been harpooned in Puget sound and is now dragging the harpooners in an open skiff about this inland sea. For more than a month experienced whalers have been trying by every means known to capture the great leviathan, expecting to put him on exhibition. Tugs and steamers have been outfitted with cannon and mortars like a bullet out from the cannon or mortars like a bullet out from a rifle.

All the whalers have been baffled, and it was left for four amateurs in an ordinary skiff to harpoon the whale. As soon as their harpoons struck him the whale started, dragging the skiff after him. Steamers and tugs joined in the chase and the greatest nautical excitement known in the history of Puget sound was precipitated. The amateurs drove a 3-foot lance into the whale, drawing a large amount of blood. For 36 hours the whale has been dashing about and, although he is apparently not as strong as when harpooned, he is frisky enough to render the chase very exciting.

Buckner returned from Indianapolis at the head of the Kentucky, Alabama, Georgia and Tennessee delegations he marched from the station to the Willard hotel and was given a hearty welcome all along the route. The southern delegation visited the various newspaper offices in a body and there was speechmaking and general felicitation on the result of the Indianapolis convention.

G. A. R. ENCAMPMENT.

Major Thaddeus S. Clarkson of Omaha, Elected Commander in Chief.

ST. PAUL, Sept. 5.—When the G. A. R. convened yesterday the nominations for commander in chief were declared in order. D. R. Ballou, of Providence, R. I., Major Thaddeus S. Clarkson, of Omaha, E. H. Hobson, of Kentucky, John Linehan, of New Hampshire, and Rear Admiral Meade were nominated. Seconds for the nomination of Clarkson came quickly from all over the hall, but one of the first men up was Admiral Meade, who withdrew his own name. It became evident that Clarkson would win, and all the other names were withdrawn, and he was elected by acclamation. Major Clarkson was called to the stage, and acknowledged the honor conferred on him in an eloquent speech. General J. H. Mullen, of Minnesota, was elected secretary and vice commander in chief, having been designated for that honor by the Department of Minnesota, the custom being to give the position to the state holding the encampment.

Among the resolutions adopted were the following, asking preference for soldiers in government appointments; urging on congress the justice of conferring on General Nelson A. Miles the title of lieutenant general; endorsing the proposed national parks at Vicksburg and Fredericksburg; recommending the reading of Lincoln's Gettysburg address on memorial day; favoring the prohibition of the use of the national flag for advertising purposes; asking congress to repair and preserve the frigate Constitution and the sloop of war Hartford; and asking congress to provide for a soldiers home south of the Ohio river.

Mrs. Agnes Hitt of Indianapolis was elected national president of the Women's Relief Corps.

The Daughters of Veterans refused to unite with Loyal Home Workers, saying they preferred their present name and organization.

ARRIVAL OF DR. GALLAGHER.

He Is Mentally a Total Wreck—Will Be Sent to a Sanatorium.

NEW YORK, Sept. 5.—Dr. Thomas Gallagher, who was liberated last week after serving 13 years' penal servitude in English prisons, arrived here yesterday on board the St. Paul. He was met by representatives of Irish societies in this country. Among those who went aboard the St. Paul to meet him was James Gallagher, a brother of the released man. Dr. Gallagher recognized his brother at once, but he was in a very excitable mood and acted very strangely. Dr. Anthony McBride, Dr. Gallagher's physician, would not permit the newspaper men to speak to his charge. It was evident that the doctor's mental condition was a total wreck. When the members of the delegation of Irishmen were presented to him the doctor was unable to recognize any of them, and almost immediately ran away through the corridor, shouting loudly and incoherently. As soon as the St. Paul reached her dock the doctor, accompanied by his physician and two intimate friends, drove to an uptown hotel, from whence he will probably be taken to a sanatorium.

IRISH NATIONALISTS.

Address Issued Urging the Factions in Ireland to Unite.

DUBLIN, Sept. 5.—An address to the Irish at home and abroad, signed by all the foreign delegates, has been issued. It expresses the belief that the Irish national convention was a representative one, and voiced the Irish national spirit and exhorts all who desire the welfare of Ireland to support the majority rule. The signers further appeal to the people of Ireland to unite for the cause of home rule and undertake to convey to their constituents the delegates' sense of the magnitude of the authority of the convention and they pledge the unfailing support of the Irish parliamentary party "until the blessings of self government have been won for Ireland."

Bradstreet's Review.

NEW YORK, Sept. 5.—Bradstreet's review today says: The arrival of some \$4,000,000 of the gold engaged in Europe and the announcement of further shipments from London have not been without their effect, the major portion of the gold has been turned into the treasury, raising the specie reserve from less than \$101,000,000 to about \$108,000,000. The money market, while firm, has lost much of its stringency and appearance, and apart from the continued troubles at Chicago, there have been no disturbing elements in financial circles.

Patriarch of Telegraphy.

NEW YORK, Sept. 4.—James D. Reid, United States consul at Dumfries, Scotland, was passenger on board the steamer St. Paul. His arrival is hailed with joy by the entire telegraphic fraternity, more so by the old timers, of whose society he is a member, and he crossed the ocean to attend the annual meeting to be held in Pittsburgh Sept. 9. Mr. Reid is the patriarch of telegraphy, having been a coworker with Professor Morse, the father of telegraphy.

Lou Wilson Kills His Wife, Son and Himself.

MONEY LENDERS SWINDLED.

Annual Conference of the State Board of Charities—Freight Train Wrecked—Father Shoots His Daughter—Seriously Scalded—Postoffice Shortage—Unprovoked Murder—Other Interesting News.

NEPESSET, Ill., Sept. 5.—Lou Wilson, a farmer living near this place, killed his wife, his 4-year-old son and himself. When found the latter still clutched the revolver in his hand.

Wilson was well known here, having been a farmer in this vicinity all his life. He was about 30 years old. He was steady and industrious, and his business seemed to prosper until within the last two years, when he was in financial straits, owing to the hard times. Lately he has been in a despondent mood, at times being plunged into profound melancholy.

A farm hand who had been out with the team all day returned, and finding no one in the house drove to the barn to put the horses up. When he started to the loft for hay he was astonished to find three bodies lying on the floor and life extinct. Each had been shot through the head, the ball in each case entering the temple squarely. Wilson's forehead was blackened with powder grains.

COMMISSIONERS INVESTIGATING.

Adams County Board Going Carefully Over the Books.

DECATUR, Ind., Sept. 5.—The commissioners have made a report, finding an excess of \$2,793.93 in the amount of payments of road receipts by the various townships over what these receipts were issued for since 1892, or during the administration of Treasurer Bolds. The investigation will be carried back to cover the terms of preceding treasurers. This excess is composed of receipts, the figures on which were raised, and of receipts issued to persons whose names do not appear on the tax duplicate. The commissioners do not pretend to be able to fix the responsibility.

CHARITIES AND CORRECTION.

Fifth Annual Conference to Be Held at Richmond, Ind.

INDIANAPOLIS, Sept. 5.—The fifth annual state conference of charities and corrections will be held at Richmond, Nov. 11, 12 and 13. It was thought best to hold the meeting later than usual on account of the campaign, as it is hoped that there will be a larger attendance than ever before. Many of the best informed workers in charities throughout the country will be present at the conference and deliver papers on the work that is going on along this line throughout the country.

ATTEMPTED MURDER.

Father Shoots His Daughter Because She Married Against His Wish.

BLOOMINGTON, Ind., Sept. 5.—William Hall shot his 18-year-old daughter because she married against his will and then shot himself. He went to her home and called her to the door, begging her to go with him, but she refused, whereupon he attempted to kill her. The daughter will recover, but Hall is fatally wounded.

Unprovoked Murder.

GALENA, Ill., Sept. 5.—Albert Felix, commonly known as "Whisky Jack," a desperate character, shot and killed Bat Berein, a respectable citizen of Blandin, a small village seven miles from here. The murder was wholly unprovoked. Felix has relatives in good circumstances in Chicago, while the family of his victim, a widow and six children, are left in destitute circumstances. The murderer is in jail here.

Repairing the Damages.

RICHMOND, Ind., Sept. 5.—Commissioners have allowed contracts to the Massillon Bridge company for the erection of a dozen new structures to take the places of those washed away or ruined during the recent flood. Upon every road leading out of the city work is being done. The commissioners estimate that about \$20,000 will build the new bridges, and an equal amount will be necessary to put the roads in good repair.

Disappeared Mysteriously.

WABASH, Ind., Sept. 5.—A farmer named Ephraim Conn, living near Fox's, 14 miles south, mysteriously disappeared last Tuesday night, and his family fear that violence has been done him. BOLD SWINDLE.

Money Lenders Taken In by False Representation.

BLOOMINGTON, Ill., Sept. 5.—Gillespie & Conard, attorneys and money lenders, have discovered that they have been made the victims of a bold swindle. A man called on them a few days ago and asked for a loan of \$150, offering as security a lien for \$600 on 50 acres of land near Weston, this county. He gave his name as R. E. Purdum. He related that his wife, at Covington, Ind., had brought an unjust suit for divorce, which he was determined to resist to the end, and that he needed \$150 to go to Indiana for evidence. He needed lawyers and engaged Gillespie & Conard. The lawyers grew apprehensive and sent a man to look at the land. He found the real Purdum living with his family upon the farm in ignorance of the whole proceedings.

MILITIA MAY NOT GET PAID.

COLUMBUS, O., Sept. 5.—The state emergency board yesterday authorized the superintendent of insurance to make a deficiency of \$1,000. It refused to allow the creation of a deficiency of \$28,000 for expenses of the National Guard incurred during the strikes at the Berea quarry and the Brown holding works at Cleveland, holding that it had no authority to do so, as the guard was not ordered out by the governor, but by the local authorities.

Probable Suicide.

DAYTON, O., Sept. 5.—Positive identification has been made of the poor, bloated body of the girl who was found floating in the Miami opposite Phillips' bathhouse Tuesday by E. L. Harper of Cincinnati, son of the well known broker. She was Bessie Little, 23 years of age, daughter of Mrs. Peter Little, of 1387 West Second street, and there is a possibility of suicide in the case.

Postoffice Shortage.

INDIANAPOLIS, Sept. 5.—Suit was filed in the United States court yesterday to recover \$600 alleged not to have been accounted for by James H. Clugage, postmaster at Sullivan, Ind. The defendant's bondsmen are R. H. Crowder and William T. Murdock.

LI H. C. thinks we have too many political parties. That's no lie, either, but LI got in right on the eve of the second democratic convention and ought to be excused.

Has the loss of a billion dollars' worth of trade every month under the Gorman Tariff been caused by the beggarly purchase of four million dollars worth of silver for a few months? No. It is the result of the enactment of a free trade tariff and nothing else.

In his rambling talk last evening if the Boy Bryan of Indiana wanted to use the BANNER TIMES as a text for anything, why didn't he take up and deny some of the charges this paper has been making against popocracy. Why didn't he deny that the Democrat said in 1893 that "Cleveland, Carlisle and Cooper were good enough for the Democrat to follow at all times." Why didn't he deny that in 1877 Messrs. Jones, Bland and others appointed as a committee to investigate the silver question made a report which said that the act of 1873 does not demonetize the old silver dollar or any of the silver coins of standard weight prior to 1853. Why didn't he in quoting Abraham Lincoln, whom he professed to love so well, give the lie to the base slander on Lincoln's

name made in the Democrat recently which was exposed by this paper. Why didn't he explain why Col. Matson made five hot campaigns in this county and state and never by one word or action showed that he had ever before this year heard of the crime of '73. Why didn't he deny what J. Mexico Burris couldn't deny, with thirteen months experience in Mexico, the table of figures showing the difference in wages paid in the U. S. and Mexico, which table was published in this paper. Why didn't he deny that Mr. Blaine said that free coinage of 92 cents worth of silver bullion gave an illegitimate profit to the owner of the bullion. Why didn't he contradict Mr. Fairbanks when the latter said that the silver the government had purchased under the Sherman law had depreciated \$150,000,000 since being in the vaults.

These are some of the things that have appeared in the columns of the BANNER TIMES and which have not been denied. Mr. Daggy said last night that an undisputed statement stood until a better one was advanced. Why didn't he, who has stood in the front of the popocratic ranks in Putnam county as their champion, deny some of these statements? Instead he used glittering generalities. Until he so denies, he should not set up a cob house and ask some one to knock it down. As a clincher, why didn't he deny the statement that the silver dollar is full legal tender for any amount.

THE Boy Orator last night explained nothing about what the farmers of Vermont did on last Tuesday. Bryan talked up there. Daggy has talked long and vigorously to the farmers of Putnam. By the way that Vermont majority is pleasant reading. It can be read backwards, forwards, upwards and downwards and the result is just the same. It is an argument that will stand undisputed by boy orators. Just gaze on it:

THERE has been considerable talk recently over the statement that John Clark Ridpath had recently bolted the republican party. People in Greencastle know such is not the case for Dr. Ridpath has not been a republican for years. The following from Rockport sent to the Indianapolis Journal bears out the statement.

For several weeks local democrats, when asked to name a prominent republican who had joined democracy, referred to John Clark Ridpath. Yesterday the Rockport Democrat published a letter from Mr. Ridpath saying that he had voted for Lincoln, twice for Grant, once for Hayes, but that since 1880 he "had voted independently for the party which seemed to me the most deserving and patriotic, though the choice has sometimes been a hard one." Thus it is shown that for sixteen years he has not claimed to be a republican.

PUTNAM'S BOY ORATOR

And His Eight Years Study of the Financial Question.

The boy orator of Putnam talked last night. He was greeted by a large audience, for these American people are curious. That's the reason they want to hear Bryan, but the more people who hear such rambling generalities as these issued by either of these boy orators the more republican votes there will be this fall. Mr. Daggy had his first oasis in his historical ramble shortly after he opened his running talk when he referred to the BANNER TIMES, quoting from its columns a report of a speech. He thus testified to the popularity of the paper as a newspaper, for great cheering followed his allusion to it. In the style of the *fin de siècle* populist who is playing into the hands of the Chicagoified democracy which in turn is striving to get into power, Mr. Daggy sought to show that the country was now weak morally, intellectually and financially and was paying tribute to England and Europe and that it was at the mercy of the money power of those countries. After this point he drifted glibly on and in a few moments came rattling back, and in an attempt at a fiery glow of patriotism declared that this country was the greatest on earth, and could maintain unaided and alone the unlimited free coinage of silver at 16 to 1. Both statements were without foundation. The first is plainly false and the second has no history behind it. No country has maintained a double standard, with free coinage, and history discounts boyish oratory everytime as a convincing argument.

Like other populist speakers who are playing into free silver democratic hands, Mr. Daggy attempts to make his strongest point on the fact that the republican party this year favored international agreement on silver coinage. He failed to mention the fact that in 1892 the democratic platform contained exactly the same idea. If democrats were right then, they are wrong now. If Cleveland was wrong then he is right now. The democratic platform of 1892 said:

We hold to the use of both gold and silver as the standard money of the country, and to the coinage of both gold and silver without discriminating against either metal or charge for mintage, but the dollar unit of both metals must be of equal intrinsic and exchangeable value, or be adjusted through international agreement, or by such safeguards of legislation as shall insure the maintenance of the parity of the two metals, and the equal power of every dollar at all times in the markets, and in payment of debt; and we demand that all paper currency shall be kept at par with and redeemable in such coin. We insist upon this policy as especially necessary for the protection of the farmers and the laboring classes, the first and most defenseless victims of unstable money and a fluctuating currency.

Mr. Daggy is young but as Dr. Bence said in introducing him he had studied political economy for eight years. Why didn't he, six or four years ago when the republican party was in power with a tariff that provided money enough to pay the running expenses of the government, under whose administration there was no panic and no talk of bank failures and financial crashes, discover the "crime of '73," and the awful results of temporarily putting aside a silver dollar of which but eight million had been coined and none of them was in circulation.

The democratic party declared in 1892 for an international agreement as we have shown above, but which the speaker of last evening failed to realize. But this wasn't all. That same democratic party knew better than any boy orator knew that the people of this country knew that the democratic party could not be trusted to carry out its platform pledges. They therefore went a step further than they ever did and made that international agreement section of their platform a part of the law of the land. A democratic congress called together by a democratic president repealed the purchasing act of the Sherman law which provided for the largest use of silver ever attempted by any country, and in the law repealing it

and taking its place this is what democracy placed there concerning international agreement.

Be it enacted, etc., That so much of the act approved July 14, 1890, entitled "An act directing the purchase of silver bullion and issue of Treasury notes thereon, and for other purposes," as directs the Secretary of the Treasury to purchase from time to time silver bullion to the aggregate amount 4,500,000 or so much thereof as may be offered in each month at the market price thereof, not exceeding one dollar for three hundred and seventy-one and twenty-five one-hundredths grains of pure silver, and to issue in payment for such purchases Treasury notes of the United States, be, and the same is hereby repealed. And it is hereby declared to be the policy of the United States to continue the use of both gold and silver as standard money, and to coin both gold and silver into money of equal intrinsic and exchangeable value, such equality to be secured through international agreement, or by such safeguards of legislation as will insure the maintenance of the parity in value of the coins of the two metals, and the equal power of every dollar at all times in the markets and in the payments of debts. And it is hereby further declared that the effort of the Government should be steadily directed to the establishment of such a safe system of bimetalism as will maintain at all times the equal power of every dollar coined or issued by the United States, in the markets and in the payment of debts.

There it is in black and white, and democracy did it. Perhaps Mr. Daggy hadn't thought of that or missed it in his eight years' study of political science.

He further forgot that in 1877, Senator Jones and a silver commission appointed especially for the purpose made a report recently printed in this paper which expressly said that there was no crime of '73 and that silver had not been struck down or harmed. This report was made about a year after the Putnam boy orator was born, but Senator Jones and his fellow-silver friends who now favor free coinage had the bravery to make the report, nevertheless. Mr. Daggy was afraid some one would ridicule him for his stand. The BANNER TIMES has no inclination in that line, but such meaningless phrases as he advanced last night excite in us a wonderment at the denseness of ignorance displayed by one who had made an eight year's close study of the financial question. There wasn't enough in

it to excite ridicule. It was full of misrepresentations as to per capita circulation of money (which is now \$24 instead of \$5 as he puts it,) bond issues, etc. As Mr. Daggy is playing into the hands of democracy he didn't explain that the \$262,000,000 of bonds in Cleveland's administration were issued to pay the running expenses of the government because of the Wilson-Gorman tariff fizzle. He forgot that or missed it in his eight years' of financial study. He said a bushel of Mexican dollars would not buy a glass of soda water in this country because it wasn't legal tender, but he failed to tell why an American silver dollar will purchase two Mexican dollars in Mexico where our dollar is not legal tender. That point also escaped in that eight years of financial study. The most applause came when the old cat story was told. Democracy must, indeed, be in great straits when it has to pat on the back such glittering twaddle as that of last evening.

Shade of Jefferson! No wonder there was a National democratic convention at Indianapolis!

Dr. A. H. Moore was greeted this afternoon by a large audience. The court house was filled to overflowing and taking the house in consideration, 2 p. m., the busiest part of the busiest day in the week the crowd was one that was highly encouraging. The glee club composed of Messrs. Starr, Hillis, Bellingame, Fry and Graham sang some of their rousing songs and a short time the enthusiasm was at high pitch. Mr. Moore introduced by Mr. Case in a few well chosen words and at once went into his speech. Mr. Moore's fine tariff talks of two years ago are remembered by our people who heard him and this year he took up the money issue with equal grace and eloquence. He is thoroughly posted on all the economic questions of the day and makes speech of an hour and a half that is full of convincing argument and sound logic. He is thoroughly interested in his work and is a worthy gentleman to occupy the position held by his predecessor Hon. G. W. Hanna. Mr. Moore's speeches through the campaign will be eagerly heard by the voters of Putnam.

The attention of the Persimmon brigade, consisting of the 15th, 16th, 17th and 18th Indiana Infantry regiments, is called to the fact that a reunion of this brigade will be held at the criminal court room in the court house at Indianapolis on Tuesday, September 15. Mrs. Watson has been conducting a millinery business in Cloverdale and closed out her business there to move here. Mr. Watson has been here for some months practicing law and was nominated last Saturday for representative by the free silver convention.—*Martinsville Reporter*.

Reports from Belle Union put a new light on what Mr. Daggy and Mr. Shultz talked about. Republicans state that the speaker stated that our money was worthless in Germany and Mr. Shultz arose and stated that he knew a thing or two about that as he had sent money from this country to Germany and it had reached there all right and he got full credit for all he sent. The farmers of Putnam know a thing or two on finance.

The Greencastle boys that went to Stilesville yesterday morning with such bright countenances ran up against the same old snag, returned in the evening with the same old story of defeat. They, as usual, went to pieces in the seventh inning and were beaten. It is well known that Stilesville's strength lies in their ability to knock balls over the back fence of any park in which they play. To counteract their habit, Manager Roberts, of the city team, imported the old time pitcher, from Indianapolis, John Klein. But his hand was blistered to begin with and the team didn't help him out very much. At the beginning of the seventh inning the score was eleven to eleven, at the end it was twenty to eleven in favor of Stilesville no runs being made on either side after that. Our boys say they will get Joe Pulse to pitch for them next time, as the Stilesville team relies entirely on its batting and pay no attention to fielding. The home team was made up as follows. Klien, p; Madden, c; Conklin, lb; Callahan, 2b; Smith Matson, 3b; Ed Eiteljorg, s; Higert, lf; Ader, c; T. Callahan, rf.

Hon. A. C. Harris, of Indianapolis, who made such a splendid speech in this city has been secured for four more speeches in this county. He will speak at Reelsville on the 16th at 2 p. m., on the 17th at Bainbridge at 7 p. m., on the 18th at Clinton Falls, at 2 p. m., and on Saturday the 19th at Cloverdale at 7:30 p. m. This will be good news to the republicans of Putnam who will all want to hear Mr. Harris.

Dr. Emmert, formerly of Boston, but later of Greencastle, has spent most of the last two weeks at Jim Armstrong's. He and his wife were successful practitioners, but the latter died a few months ago, and the doctor has retired. He is quite wealthy, and it is said has bought the Armstrong property, and

one or two farms near Ladoga.—*Ladoga Leader*.

Three freight cars in train No. 71 on the Monon were wrecked at Woodyard about 7:30 this morning. A truck on one of them broke and ran all three off the track, destroying the cars and tearing up a portion of the track. No one was injured and the damage to the goods in the cars will not be heavy. The train north, due here at 12:17 was delayed four hours by the wreck.

There has been considerable said to the effect that none of the young republicans care to debate with Mr. M. L. Daggy, Mr. E. S. Meade, formerly of De Pauw, will debate with Mr. Daggy at any time and place that the match can be arranged.

Beginning with tomorrow the following changes will be made in the Vandalia time table: No. 5 from 9:05 a. m., to 9:44 a. m., No. 21 and 20 from 1:40 p. m., to 1:45 p. m., No. 8 from 3:32 p. m., to 3:15 p. m., No. 2 from 6:03 p. m., to 5:52 p. m.

The new American express room at the north depot will extend between the two tracks, west of the depot and entirely independent of it. It will be 45x25 feet and will provide abundant room for the business.

Fay Green, of Wichita, Kans., will visit over Sunday with John Cooper and family. He has been at Lafayette with his race horse and will go to Crawfordsville next week.

—San Francisco Call.They have the silver basis in
India, have had it for centuries,
and it has had a fair trial. It
would ruin this country and
bankrupt everybody. The foun-
tain of business is stability, and
with a silver standard you can
never have it. In Calcutta I can
buy this suit of clothes for \$40
today, and perhaps \$20 tomor-
row, and the next day it will be
\$50. You can never tell from
the number of dollars you own
how much you are worth. The
country is at the mercy of the
money changers and specula-
tors. The idea of going to a sil-

too ridiculous for serious con-

Did You Ever Think

Of the evil effects of coffee and tea,
and the enormous quantity used? Is
it any wonder so many suffer from
headache, nervousness, dyspepsia, con-
stipation and many other ailments, and
find no medicine that cures. Mrs. Eliza-
beth Dice, of Elkhart, Ind., states:
"Many years I suffered with severe
stomach and heart trouble, nervousness

medicine but could not be cured. After
using one package of Dr. Martin's Ner-

The Garden South.

The south is destined to be, and is
rapidly becoming, the garden of the
United States. Here life is easier to
live, the rigorous winters do not eat up
the fruits of the toil of summer, nor
are the summers so trying as many
northern people have supposed. "I
used to live only half the year," said a
northern farmer recently settled in the
south, "and I used to work all the time
there. Now I work half the time and
live all the year through."Home seekers' excursion tickets will
be sold over the Monon route to nearly
all points in the south at the rate of
one first-class fare (one way); tickets
good returning on any Tuesday or Fri-
day within 31 days from date of sale.
Liberal stop-overs are allowed. These
excursions start (and tickets are sold)
Aug. 17, 18 and 31, Sept. 1, 14, 15, Oct.

Summer Resorts on the Monon.

The summer resorts on the Monon
route are more than usually popular
this year. West Baden and French
Lick Springs, in Orange county, are
overflowing with visitors, and the
hotels have all they can do. Paoli,
the county seat, has opened a rival sanita-
rium, which is well patronized. The
waters of the various springs differ
materially in their constituents, and
are successfully prescribed for a great
variety of maladies. The woods in the
neighborhood abound in game and all
the streams teem with fish, some of
them having been stocked by the gov-
ernment fish commission. All indica-
tions point to West Baden (and the
neighboring springs) as the great sani-
tarium and popular summer resort of
the west.Cedar Lake, forty miles from Chi-
cago, is a favorite picnic and outing
spot, where the Monon has a fine wood-
ed park of nearly 400 acres. The fishing
is first rate. d eod wtf.
